

Skills, mentors and first jobs for young Tunisians

TUTORIUM trains young people aged 18 to 35 in emerging technologies, employability and soft skills, then connects them with mentors, internships and employers. We also train company teams and work with European partners in Erasmus+ and Horizon Europe projects.

18–35

age of the young people we train

5

learning programmes, from first CV to first business

13

core sectors and areas, from tourism and crafts to ESG and care

3

working languages: Arabic, French, English

6

Sustainable Development Goals our work serves

VISION

An inclusive ecosystem where every young person in Tunisia has the skills, networks and opportunities to thrive in the modern economy and to contribute to society.

MISSION

To equip young people aged 18 to 35 with market-relevant skills in emerging technologies, professional competences and personal development, through mentoring, vocational training, internships and experiential learning.

Five programmes, one goal: work you can build a life on

EMPLOYABILITY

Employability and Career Readiness

CVs, interviews, professional communication and career orientation, with visits to real workplaces.

What you learn

- CV and cover letter writing
- Interview preparation and practice
- Professional communication and personal branding
- Career orientation

Format: Workshops and coaching sessions, plus enterprise visits and networking with employers

EMERGING TECH

Emerging Technologies Training

Hands-on courses in AI, digital marketing, robotics, smart home technologies and IoT.

What you learn

- Using AI tools at work
- Digital marketing and social media advertising
- Robotics basics
- Smart home and Internet of Things prototyping

Format: Practical workshops and project assignments that end in something you built

MENTORING

Internship and Mentorship

A professional mentor and an internship in a company, start-up or organisation.

What you learn

- Working with a mentor on goals and feedback
- Workplace experience in a real team
- Building a professional network
- A portfolio to show employers

Format: Mentor pairing, internship placement and regular check-ins

SOFT SKILLS

Soft Skills and Personal Development

Communication, leadership, teamwork, critical thinking, negotiation and intercultural competence.

What you learn

- Public speaking and communication
- Leadership and teamwork
- Critical thinking and problem solving
- Negotiation and intercultural competence

Format: Interactive workshops with role play, simulations, debate and peer learning

ENTREPRENEURSHIP

Vocational Education and Entrepreneurship

Explore vocational paths and build a business idea, from business model to first plan.

What you learn

- Business model and green business canvas
- Financial literacy
- Project planning
- Innovation and pitching

Format: Training modules with coaching on your own project idea

What every learner gets

- ✓ Groups of 15 to 20 participants with an assigned trainer
- ✓ Programmes of 4 to 6 weeks, with a new cohort every 2 to 3 months
- ✓ Sessions every week or every two weeks, in Greater Tunis or online
- ✓ Hands-on work: every module ends with something you made
- ✓ Teaching in Arabic, French or English
- ✓ A professional mentor, and an internship where places are available
- ✓ Coaching on your next step after the programme
- ✓ A TUTORIUM certificate of completion

Joining a cohort

01

Write to us

Tell us your age, city, studies and what you want to learn.

02

Orientation talk

A short conversation to agree on the right programme.

03

Start with the next cohort

New cohorts start every 2 to 3 months. We confirm the dates, place and schedule.

SERVICES

FOR LEARNERS

Training, coaching and placement

- Five programmes in technology, employability, soft skills and entrepreneurship
- Individual coaching on CVs, interviews and career choices
- Mentoring by working professionals
- Internship placements and enterprise visits

FOR COMPANIES

Training for teams and recruitment links

- Tailored workshops for staff: digital tools, AI at work, communication, leadership
- Coaching for managers and team leads
- Host an intern and meet motivated young talent
- Become a mentor company and help shape our courses

FOR EU PARTNERS

A reliable partner in Tunisia

- Local delivery of trainings, pilots and workshops
- Recruitment and preparation of learners and youth workers
- Engagement of employers and work-based learning placements
- Hosting of partner meetings and multiplier events in Tunis
- Dissemination in Arabic, French and English

CONSULTING

Business and management consulting

- Business model and business plan development
- Green business canvas for small enterprises
- Financial literacy and readiness for funding
- Support for start-ups and young entrepreneurs
- Market and feasibility studies for new products and services
- Organisational development and management processes

Skills for the sectors that shape Tunisia

From tourism and crafts to farming and the sea, these sectors carry Tunisia's economy and identity. We train young people and professionals to work in them, and help businesses in them grow.

Tourism, gastronomy and hospitality

Guest service, local cuisine, languages and digital marketing for hotels, restaurants, guides and small tourism businesses.

Urban design

Participatory planning, green public spaces and smart-city skills for young designers, municipalities and community groups.

Horticulture

Greenhouse and nursery techniques, water-saving irrigation and sustainable growing for young growers and small farms.

Green entrepreneurship

Business ideas that save resources and protect the environment, from the first green canvas to a fundable plan.

Women entrepreneurship

Training, mentoring and peer networks that help women start, run and grow their own businesses.

Environmental stewardship

Caring for land, sea and natural heritage through education, volunteering and community action.

Health and caregiving

Skills for caring for older people, people with disabilities and patients at home and in the community.

Crafts and artisans

Online selling, product photography, pricing and design that help artisans earn more while keeping traditional techniques alive.

Maritime

Skills for ports, shipping, logistics and coastal services, and pathways for young people into careers at sea.

Agribusiness

Farm business management, processing, quality standards and market access for producers and agri-food firms.

Blue entrepreneurship

New livelihoods from the sea: sustainable fishing and aquaculture, marine products and coastal services.

ESG and sustainable business

Environmental, social and governance practice for companies and organisations, from a first assessment to clear reporting.

Vertical agriculture

Indoor and vertical farming with hydroponics, LED growing and smart sensors that produce more food with less land and water.

Where we contribute

We join Erasmus+ and Horizon Europe projects as the Tunisian partner, in youth, vocational education, higher education and research and innovation.

ERASMUS+ · KA1 YOUTH

Mobility of young people and youth workers

Youth exchanges and training courses for young people and youth workers on employability, entrepreneurship, coaching and civic participation, including Euro-Mediterranean editions.

ERASMUS+ · VET

Capacity building in VET

Projects that modernise vocational education and training in the Southern Mediterranean: employer needs studies, new training modules, trainer training and work-based learning.

ERASMUS+ · HIGHER EDUCATION

Capacity building in higher education

Projects with universities in Tunisia and the region: curricula linked to the job market, teaching staff development, and employability and entrepreneurship services for students.

ERASMUS+ · YOUTH

Capacity building in youth

Projects that strengthen youth organisations and youth work: training for youth workers, new practical learning methods, quality standards and youth participation in local life.

HORIZON EUROPE

Research and innovation

Research and innovation consortia on skills, social innovation and the green and digital transitions. Tunisia is associated to Horizon Europe, so we join on the same terms as EU partners.

ANY EU PROJECT

Local implementation in Tunisia

Trainings, pilots, surveys, events and dissemination in Arabic, French and English for any EU project that needs a skilled partner on the ground in Tunisia.

Our projects

Our first EU-funded projects: three Erasmus+ training courses for youth workers, with TUTORIUM as the partner for Tunisia.

ERASMUS+ · KA153 YOUTH

Art and Creativity as Catalysts for Empowerment and Well-being in Youth Work

An 8-day training course for 24 youth workers from Austria, Czechia, Latvia, Egypt, Algeria and Tunisia. Pottery, weaving, candle-making, mandala art and storytelling become tools for the well-being, resilience and inclusion of young people.
